OF THE

OFFICERS AND CADETS

OF THE

VIRGINIA MILITARY INSTITUTE,

LEXINGTON, Va.

~~~~~  
JULY, 1848.  
~~~~~

PHILADELPHIA:

PRINTED BY CRISSY & MARKLEY, No. 4 MINOR STREET.
1848.

REMARKS.

THE VIRGINIA MILITARY INSTITUTE was established, and is supported by the State of Virginia. An arsenal containing 30,000 stand of arms is located here, which was formerly guarded by a company of enlisted soldiers, at an annual expense of about \$6,000. In 1839, this appropriation was transferred to the support of a company of cadets, who, in addition to their duties as a guard, should also be placed under a course of instruction, upon the basis of the U. S. Military Academy at West Point. Upon this new system the Institute has been in successful operation for nine years. The cadets admitted consist of two classes, *State* and *Pay* cadets. The Institute supplies to the State cadet his board, tuition, fuel, lights, books, mattress, medical attendance and stationery; and in consideration thereof, he is required to teach two years after graduation. The Pay cadet is at his own expense, which averages \$250 per year, for every charge, *including clothing*. The State cadets are selected from those who are unable to bear their own expenses. The institution has always had as many pupils as its buildings would accommodate, and numbers *thirty-two* State and *eighty-three* Pay cadets. Applications are made by letter to the superintendent prior to the first of July, each year, and appointments are made for both classes of cadets, by the Board of Visitors, respect being had to their due apportionment among the several districts of the State.

The Literary Fund of the State contributes \$1,500 per year to the Institute for the education of teachers, and the State has received tuition fees from the pay cadets to the amount of \$9,000 since its organization, which sum is applied to the increase of the number of State cadets, and to the enlargement of the accommodations of the Institute.

The Cadets are *daily* occupied in military exercises at such hours as not to interfere with their regular studies.

EXPLANATION OF CONDUCT ROLL.

All offences against Orders or Regulations are recorded.

These offences are divided into seven grades ; each of which comprises offences of nearly the same degree of criminality.

The degree of criminality of offences of each grade is expressed by a number, as follows :—

Offences of the 1st grade by 10

Do	“	2d	“	8
Do	“	3d	“	5
Do	“	4th	“	4
Do	“	5th	“	3
Do	“	6th	“	2
Do	“	7th	“	1

For each year (after the first year) that a Cadet has been a member of the Institute, his offences are made to count more, by adding to the number expressing the degree of criminality, of each offence, one-sixth for the second year—and one-third for the third year.

At the end of the Academic year, these numbers are added up, and the sum thus obtained is that found in the column of '*demerit*.' The demerit for the graduating class is estimated for their whole term.

When a Cadet has more than 200 demerit in any one year, he is *dismissed*.
